The Saint Paul Police Department Professional Development Institute is sponsoring a three day course in homicide/crime scene management. This three day death investigation course instructs fellow members of law enforcement in the successful investigation and prosecution of violent offenders. Because of it's unique presentation and course content, This continues to be one of the most requested death investigation training courses available today. This training stresses the 4 main functions of death investigations: investigate, identify, arrest, and prosecute those responsible.

### **Course Topics:**

- Case review (Adrian Robinson & multiple crime scenes)
- Medicolegal death investigation to include time of death and pattern injuries
- Suicide and equivocal death investigation
- SIDS and infant homicide scenes and crime scene event reconstruction
- Crime scene management
- Blood pattern analysis
- Crime scene reconstruction
- Criminal investigative analysis (profiling)
